ALSO KNOWN AS

- Capacitor Assembler
- Circuit Board Assembler
- Component Inserting Machine Operator
- Crystal Final Tester
- Electronic Components Tester
- Electronics Assembler

MAIN DUTIES:

This group performs some or all of the following duties:

- Solder and manually assemble various electronic components such as resistors, diodes, transistors, capacitors, integrated circuits, switches, wires and other electronic parts to designated locations on printed circuit boards
- Assemble microcircuits requiring fine hand assembly, the use of microscopes and adherence to cleanroom procedures
- Install, mount, fasten, align and adjust parts, components, wiring and harnesses to subassemblies and assemblies using hand and small power tools.
