### MAIN DUTIES:

Allied primary health practitioners perform some or all of the following duties:

- Examine patients and take their medical histories and consult with physicians and other medical practitioners to evaluate patients' physical and mental health
- Order laboratory tests, X-rays and other diagnostic procedures
- Conduct patient interviews, physical assessments and take medical histories
- Perform or order diagnostic tests and interpret results
- Provide primary, full-course, care to women and their babies during pregnancy, such as physical examinations, screening and diagnostic tests to monitor the health of mother and baby and make referrals to medical specialists as required.
