MAIN DUTIES:

Therapists and other professionals in this unit group perform some or all of the following duties:

- Assess patients and review reports from physicians, physiotherapists, psychiatrists, counsellors, teachers and other professionals to determine patients' current and potential functioning level
- Prepare individualized and group treatment plans either independently or through a multidisciplinary team approach, based on health concerns and on recommendations from physicians or other health professionals
- Design specialized therapy programs to maintain, rehabilitate or enhance movement, musculoskeletal functioning and performance in sports, work and recreation
- May provide education to clients regarding health promotion and injury prevention, management and treatment
- May conduct research in respective field of specialization.
