ALSO KNOWN AS

- Circuit Breaker Assembler
- Clothes Dryer Assembler, Electric
- Coffee Maker Assembler
- Dishwasher Assembler
- Electrical Appliance Assembler
- Electrical Appliance Assembly Inspector

MAIN DUTIES:

Assemblers in this unit group perform some or all of the following duties:

- Assemble prefabricated parts on an assembly line, or at work benches using screw guns and other hand and power tools
- Assemble small and large household electrical appliances such as coffeemakers, toasters, vacuum cleaners, lawn mowers, refrigerators and dishwashers
- Assemble small transformers, small electrical motors and transmissions used in appliances or other electrical products.

Inspectors and testers in this unit group perform some or all of the following duties:

- Check products at different stages of production for visual defects and faulty electrical and mechanical connections, or operate automatic or other testing equipment to ensure product quality
- Identify and mark acceptable and defective assemblies and return faulty assemblies to production for repair.
