MAIN DUTIES:

This group performs some or all of the following duties:

- Plan, organize, direct, control and evaluate the delivery of health care services within a department of a health care institution, or in other settings where health care services are provided
- Consult with boards of directors and senior managers to maintain and establish standards for the provision of health care services
- Develop evaluation systems to monitor the quality of health care given to patients
- Monitor the use of diagnostic services, in-patient beds and facilities to ensure effective use of resources.
