

Teacher Recruitment and Retention in New Brunswick

Summary of DataNB Research Findings (May 2026)

Transition from University to the Workforce

Percentage of Bachelor of Bachelor of Education Graduates from NB Universities Who Had Entered the Public School System as of May 2023¹ (2004 to 2022 Graduates)

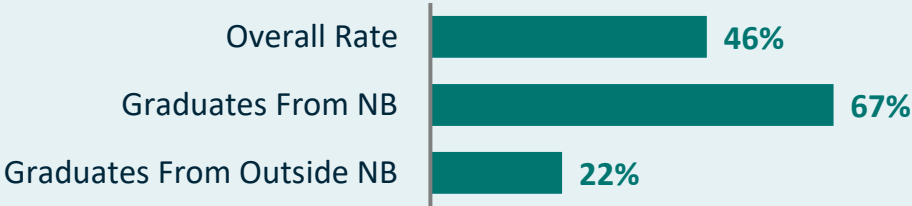

*For the more recent years, time since graduation is shorter, so some graduates who are not yet teacher may still enter the profession in NB.

Retention

Occupational Retention Rate of New Teachers in the Public School System

Three-Year Provincial Retention Rate of B.Ed. Graduates Who Did Not Enter the Public School System

Percentage of Teachers Exiting the Public School System Who Remained in New Brunswick (as of the End of 2024) by Age Group

1 - Data does not include individuals working as supply teachers on a day-to-day basis, though long-term supply agreements are included.
