Sector Profiles

The Sector Profiles contain labour market information specific to 15 economic sectors in the province. These reports provide detailed information including statistics on economic activity and productivity, a profile of the sector's workforce (demographics, wages, etc.), regional highlights, and forecast data. Each profile includes a report and a snapshot that provides highlights from each report.

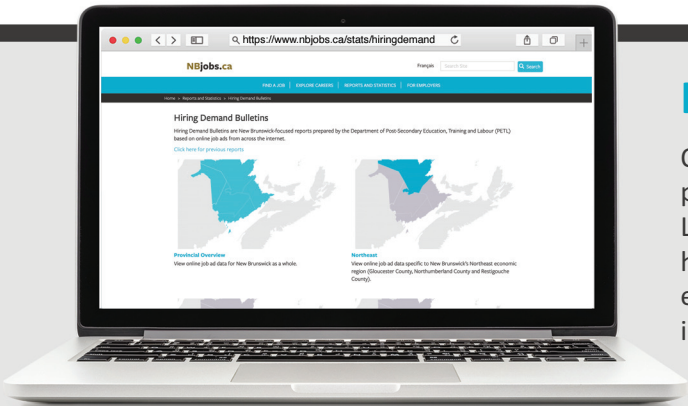

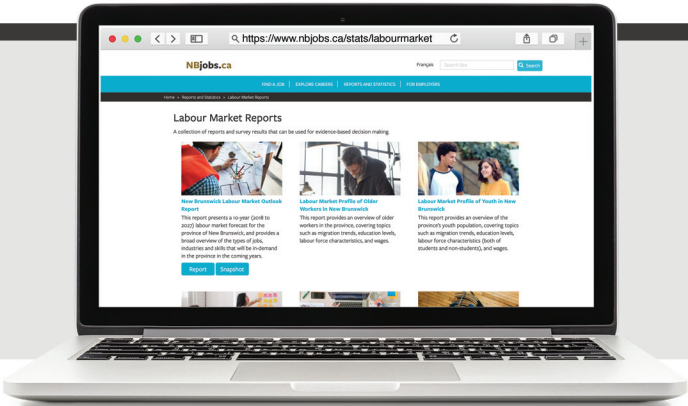

For Employers

Are you looking to advertise a job opportunity through NBJobs.ca? Are you experiencing human resource challenges such as recruitment, retention, and training? Are you interested in accessing student talent and providing students with an experiential learning opportunity? This page connects you with the resources to assist you with your employment needs.

Labour Market Reports

View a collection of labour market information reports and survey results. You can find profiles and labour force trends that can be used for evidence-based decision-making.

Hiring Demand Bulletins

Our Hiring Demand Bulletins are New Brunswick-focused reports prepared by the Department of Post-Secondary Education, Training and Labour (PETL) based on online job ads. You can find out which employers have the most online job postings, the most requested skills and educational requirements, as well as the demand for occupational groups in the province based on the number of online job ads by region.
